Re: Outstanding job

December 02, 2005

Dear Jim,

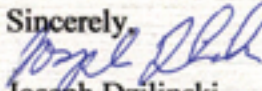

All of the cavemen & women at Bedrock are pleased to report that the system you & Orlantec implemented for us is running really well.

The conceptual stages and implementation linking production, dispatch and our accounting system could not have gone smoother due to the knowledge and guidance we received from you and the Orlantec team.

The monthly maintenance and tweaking by Jack & Phil has also proven to be very helpful. We are also impressed with the quick & timely reponse we receive to any issues that have come up.

Now that our web site (designed by Exadev) is up and running and our Email addresses match we feel like we are equipped to meet the challenges of doing business in a fast & efficient manner.

Thank you for implementing a plan exactly how you sold it to us. It is a pleasure to work with you and the Orlantec team.

Sincerely,

Joseph Dzilinski
I.T. Manager
