

Mr. Chriss Rhode
C.E.O.
Orlantech
1510 E. Colonial Drive
Suite #103 West
Orlando, FL 32803

Dear Chriss,

I just wanted to take a moment to thank you for the outstanding support, service and expertise your company has provided Executive Search Solutions, Inc. at both our Orlando and Jacksonville locations. Since our partnership began in February of this year, Orlantech has become our technology solution. Your company has provided us with a wide range of resources including: networking two offices in two different cities, firewall installation, efficient in-house e-mail capabilities, data back-up, a recovery plan, remote access via Terminal Server, VPN accessibility, hardware and software installation that has made most of our technology issues ancient history. In addition, things are explained in understandable terms so that we can make educated decisions based on our wants, needs, and options available.

It is encouraging to actually become more proactive and concentrate on long-term solutions and keeping up with current technology. Prior to contracting Orlantech, we had a reactive strategy, which provided temporary solutions on a daily basis to keep our systems up and running. Not only did this strategy keep our technicians on salary, but affected our overall employee productivity and revenue.

We also appreciate your prompt response time to any unforeseen situations and your thoroughness in fixing our problems correctly the first time. We would highly recommend your services to any potential clients.

Sincerely,

Chuck Cowan
President
