

September 27, 2005

Mr. Keith Coker  
President  
OrLANtech, Inc.  
1510 East Colonial Drive, Suite 103W  
Orlando, Florida 32803

Dear Keith,

Please accept this letter as a recommendation of OrLANtech.

Your firm, having initiated our office computerization in March of 1998, beginning with software and hardware purchases, from wiring to current and routine updates, has been invaluable.

My company's location changed ... but not our computer support! OrLANtech has maintained its schedule of service with diligence, dependability, constant monitoring, security updates and systems functions. Of utmost importance to office personnel is the availability to your professionals when a problem is experienced, which has been outstanding. All the engineers and technicians with whom we have worked through the years have been pleasant, qualified and knowledgeable.

Indeed, my colleagues and I have recommended OrLANtech in the past and would not hesitate to recommend Keith Coker and OrLANtech now and in the future.

Sincerely,

Daryl M. Carter  
President
